Die afsnydatum vir ouderdom word deur die skou vasgestel.

2021 SIMMENTALER SHOW CLASSES

OFFICIAL STATUS (appointment of judges and official catalogue)
SUBJECT TO MINIMUM 50 ANIMALS

GENERAL INFORMATION (The following must be published in the price list)

In accordance to several Symposium-decisions the "middle-of-the-road" policy MUST be applied by the judges. The physical measurement of animals for rump height will be replaced with the breeding values for mature cow weight EBV and 600 days.

Age of animal (cutoff date) is determined by the Show Society.

RULES

1. **GROUPS**
   - 1.1. The name of the dam (class 1) and sire (classes 2 to 4) MUST be completed on the enclosed application form (FORM B).
   - 1.2. Seeing that the breeding of an animal and not the exhibitor is judged in progeny classes, an exhibitor is permitted to borrow one animal for classes 2 to 4.
   - 1.3. Only animals entered into individual classes may participate in group classes.

2. **FEMALES**
   - 2.1. A cow in milk is a cow that has been in lactation less than 301 days. *(Council Jul 2005)*
   - 2.2. A cow which has calved more than 15 months ago will not be allowed to be showed. This is not applicable to cows that were flushed. (Flushings before first or after last calving will not be taken into account). A maximum of three (3) flushings will be allowed to which credit of 56 days per flushing will be granted to the cow. *(Council 8/2010)*
   - 2.3. The enclosed calving form must be completed for all pregnant cows and pregnant heifers.
   - 2.4. A heifer that doesn't calve on or before 39 months, will not be allowed to show.
   - 2.5. In terms of the Society's Constitution, judges are compelled to take reproduction data of animals into account. Data must be clearly entered on the ring cards of females:
     - 2.5.1. Under 4 years:
       Age and number of calvings.
     - 2.5.2. Over 4 years:
       Age and Simdex (Simdex-penalisation for animals that have calved under two years).
   - 2.6. All females on offer at show auctions, must also be showed in individual classes.
   - 2.7. Judges must be made aware by the ring steward at the beginning of each class of any extremes (highest 5% of breed) in 600 days and/or MCW. The Judge is allowed to use his own discretion in applying this rule. *(Symposium and annual meeting decisions)*

3. **BULLS**
   - 3.1. Judges are requested *(Symposium)* to discriminate against bulls who fall into category 5% weakest percentile EBV for birth and/or weaning weight. Judges will be informed of this by the ring steward at the onset of judging of relevant class.
   - 3.2. All bulls, 12 months and older, must be showed with a nose ring.
   - 3.3. All bulls on offer at show auctions, must also be showed in individual classes.

4. **DRESS CODE**

4.1. Handlers may only appear in the ring with the Simmentaler show dress consisting of an olive-green shirt with "Simmentaler" embroidered on the left sleeve, khaki pants, green show cap, white water boots and green Simmentaler bib. All show dress, except water boots, are available from the office.

1.1. Simmentaler – white halters compulsory.

1.2. A handler that appears in the ring without the prescribed dress code, will be asked to leave the ring. A second handler with the correct clothing can take his place.

1.3. Animals that are brought into the ring with the incorrect halter, will be removed from the ring.

2. **ANNUAL AWARDS**

(Only for official shows)

2.1. Classes 5 and 6 count toward the "WENSIM UDDER CLASS Best Udder of the Year" award if at least five (5) cows per class have been showed. You don't have to enter – entries are done at the show.

2.2. Class 13 counts toward the "Super Cow of the Year" award if at least five (5) cows have been showed in this class.

There must be at least 10 bulls per breed to qualify. The visual assessment counts 50% of the final score and the level of record keeping as well as performance data count 50%. Standard criteria for all breeds are used to assess the breeding values (birth, weaning, year, final, mature cow weight and scrotum circumference), although some breeds prefer to use economic selection indices. The criteria were compiled by experts at the University of the Free State together with the organisers. The winner within the breed competes with similar winners at other shows after which a national winner within the breed is announced at the Aldam Stockmanschool.
