Seller's remarks / Verkoper se kommentaar:

Lussim Hertal is a direct result of the very well known Lussim Herman, where both grandmothers were 3 star cows with immaculate inter calf periods (ICP) and the cornerstone of our herd. A tremendously thick bull with great length and muscling. Clean sheath and underline. His breeding values indicate above average growth potential for off-spring.

Seller's remarks / Verkoper se kommentaar:

Lussim Klaus is polled. A typical Lussim bull, stocky, wide and masculine. He has an exceptionally bold hind quarter with a clean sheath and underline. He carries meat! Klaus can be used on heifers and small framed females. His exceptional hair quality and pigmentation, combined with his other qualities will make him an asset on any ranch.

Seller's remarks / Verkoper se kommentaar:

A world class heifer. You need her for the genetics. Two grandmothers with 3 stars from top bloodlines and the cornerstones of our herd. Her dam's father is the very sought after Jors Ross and her mother was successfully used in an embryo flushing program. Lussim Nahit is a 27 month old heifer, in calf from Lussim Boza, a polled stud bull. She has top milk values and excellent growth indicators.

Seller's remarks / Verkoper se kommentaar:

A young bull - his growth and development is still to come! He is a prize-winner at the National Agricultural show, 2023 and on demand by various breeders. Lussim Rocher is a direct result of the very well known Lussim Herman, where both grandmothers were 3 star cows with immaculate inter calf periods (ICP) and the cornerstone of our herd. A perfectly structured bull with top hair quality.

Seller's remarks / Verkoper se kommentaar:

Fertility! His mother has an inter calf period (ICP) of 372 days. His grandmother is a 3 star cow with a simdex of 106 and ICP of 357 days. His pedigree includes champion bloodlines. A very long, muscled bull with a clean sheath. Lussim Daniel can be used to open up heifers and on small framed females. A veld bull, ready to work.

P
